3. Professional responsibility	Q3,Q4Y1 initial Y3,Y4 current	Human Resources Manager (R)	Designed training content (Yes/No). % of members of the committees who have completed the training =100%. % of non-conformities received =0%.
14. Selection (Code)			
19. Recognition of qualifications (Code)			
Current Status	Remarks		
IN PROGRESS ▼	As a consequence of the exceptional situation linked to COVID-19 pandemic, the training module on OTM-R policy and C&C principles has been provisionally replaced by a document conceived to display the purpose, goals and key elements of both guidelines. It also provides a blueprint for how hiring managers should act and make decisions when recruiting. The diffusion has already started but its effective implementation will be carried out throughout Y3 and Y4.

26. Funding and salaries			
28. Career development			
29. Value of mobility			
33. Teaching			

Current Status	Remarks
IN PROGRESS ▼	Whereas Biodonostia HRI is able to set up some researcher career perspectives (e.g. individual evaluation of each profile performance, the value of teaching and training competencies, remuneration, benefits) the most important aspects of the researcher's career appraisal system are the direct responsibility of the regional government. In fact, the health research institutes of the region hold regular meetings with the regional government to advance in the definition of a complete professional career strategy for researchers.

Action 8

Creation of the role of researcher's professional advisor

GAP Principle(s)	Timing (at least by year's quarter/semester)	Responsible Unit	Indicator(s) / Target(s)

GAP Principle(s)	Timing (at least by year's quarter/semester)	Responsible Unit	Indicator(s) / Target(s)
38. Continuing Professional Development	Q1,Q2,Q3,Q4Y2	Head of Training (R), Biodonostia HRI's Scientific Director (P)	Annually reformulated Training Plan. % staff satisfaction.
Current Status	Remarks		
COMPLETED	Some priority areas in continuing training development have been identified. They arise from the different professional profiles training needs (research, technical and support staff) that have been detected by way of the survey launched to the staff. In consequence, the annual Training Plan has been reformulated. Therefore, the intended work in this regard in conjunction with the Hospital and the University has been omitted because the creation and intensification of a specific Training Plan for Biodonostia HRI is considered more convenient		

Action 13
